# European Test and Evaluation Community Days Conference

T.E.C.D. 2014
25 – 26 Nov
CEPOLISPE Montelibretti
(Rome) - ITALY
Registration Opens: 14 July 2014
Registration Closes: 7 November 2014
ONLY 150 PLACES AVAILABLE

"Working together to optimise the EU Test & Evaluation Base network to improve defence acquisition outcomes in a time of financial challenge"

ABOUT DTEB

Why are we doing this?

To generate an inclusive T&E community to grow stakeholder awareness on how to evaluate, deliver and sustain enterprise capability and its suitability, performance and preparedness to support the EU's Armed Forces

Objectives

- Broaden the EU T&E network
- Engage with, support and influence policy development;
- Focus on EDA and Industry capability effectiveness and interoperability best practice;
- Encourage other agencies (EU Institutes, NATO, etc.) to actively participate and contribute;
- Investigate opportunities to support enterprise transformation;
- Build greater awareness of T&E activities into capability performance and suitability owners;
- Explore synergies between T&E, Training, Modelling & Simulation, Experimentation and R&D communities.
- Explore the use of T&E capabilities to more effectively support the future EU needs (i.e. resilience and security)

Day One *25.11.2014*
Session 1:Welcome
10:00 - 13:00

Opening address and keynote speech

EU Panel Discussion
"Working together to optimise the EU Test & Evaluation Base network to improve defence acquisition outcomes in a time of financial challenge"

Session 2:European Project Management
14:00 - 17:00
This session focuses on project management issues and requirements for Test and Evaluation as well as on examples and experiences of how to include EU T&E assets in national and international project cooperation.

Day Two *26.11.2014*
Session 3:European T&E Cooperation
09:00 - 12:00
This session focuses on cooperation for T&E Centres, who will have the opportunity to inform delegates about their capabilities and to initiate new T&E Networks

This session includes a guided tour through the CEPOLISPE Test Centre of Excellence

Session 4:How EDA supports T&E in Europe
14:00 - 17:00
The last session introduces EDA's approach to the Defence Test and Evaluation Base and will give an overview on projects and tools powered by EDA to support EU Member states in their efforts to establish T&E Networks.

Farewell Address
17:00
Farewell adress by EDA
